I Love My Job

RECRUITING IN THE GIFT + HOME INDUSTRY SINCE 2011

An honest & refreshing approach to recruitment!

THE ROLES WE COVER:

Product Development | Ecommerce | Merchandising | Operations + Supply Chain | Marketing | Design | Compliance | Finance | Business Support | Account Management & Sales

“We had not had an authentic and reliable experience working with a recruiter before; it was something we’d experienced as a dark art, one where you might just get lucky, or possibly waste a lot of time and energy. The team knows how to listen, and brings their full understanding and focus not only onto the role you need filling, but also grasps and champions the greater business objective at the same time.”

Oona, CEO, PINCH
Client since 2019

“I Love My Job helped me find my job over 10 years ago. I started as a Supply Chain Coordinator and have worked my way up to Director level. They took the time to listen to what was right for me and then matched me with the perfect job. I’m now a client and have hired nearly all of my team through them. An honest and refreshing approach to recruitment!”

Daniel, MD, Talking Tables
Candidate & client since 2012
