Jam Biscuits

from £2.65/ 7.5cm biscuit

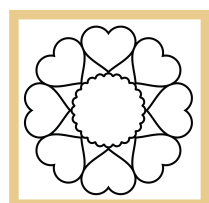

Our hugely popular signature jam biscuits can be embossed with any 12 character message. A truly personal gift for anyone who loves a jammie dodger!

Printed Biscuits

from £2.25/ 7.5cm biscuit

Showcase a logo or artwork in the sweetest way possible. We print and attach your logo or design onto our fondant biscuits. The wafer topper melts in the mouth just like our butter biscuits themselves.

Printing directly onto the icing is also possible.

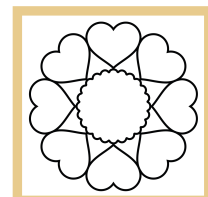

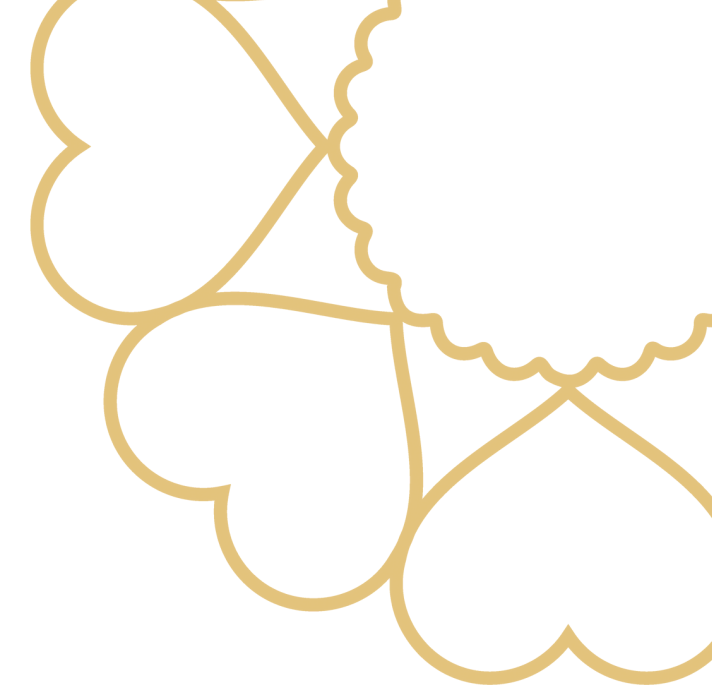

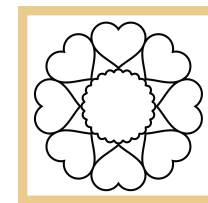

Embossed Logo Biscuits

*from £2.10/ 7.5cm biscuit + one off £40 for
simple cutter creation*

Simplicity is the ultimate sophistication. We 3D-print unique stamps to emboss the logo of your choice directly onto our biscuits.

This creates a truly bespoke butter biscuit, jam sandwich biscuit, or (if you need a bit of colour) a fondant biscuit.

Hand-iced Biscuits

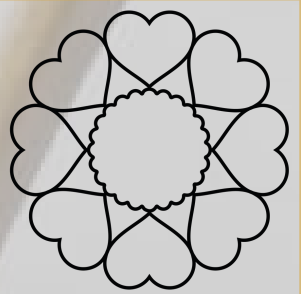

Price depends on intricacy of logo & order volume

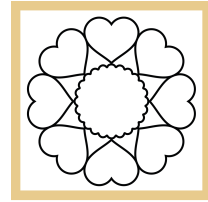

A real premium product, these unique hand-crafted biscuits allow us to (re)produce any biscuit shape, size and (colourful) design. Send us your design and we hand-pipe it onto the biscuits with royal icing.

About Us

The Biskery was founded in 2016 by two friends, Lisa & Saskia. Their mission is to make the world that little bit sweeter, and to bring more female values in to the world of work.

Their biscuits have become known for spreading kindness, bringing smiles to people's faces, and making people feel appreciated & connected.

All biscuits are handmade in Yorkshire by a team of nine women. They ship their biscuits all over the UK, and beyond.
