

Every part of our process has been built and designed with protecting the environment in mind. Here's how we make and deliver it.

**STEP 1: THE RAW MATERIALS**

**OUR THROWER IS MADE FROM SUGAR CANE AND BEETROOT, REINFORCED WITH HEMP FIBRE.**

**STEP 2: CREATING GOOD PLASTIC**

**THE RAW MATERIALS ARE CONVERTED INTO LITTLE RECYCLABLE BIOPLASTIC PELLETS.**

**STEP 3: THE BUILD**

**THE PELLETS ARE MADE INTO THE PARTS FOR OUR THROWER USING INJECTION MOULDING.**

**STEP 4: THE BAG**

**OUR NYLON BAG IS MADE FROM RECYCLED PLASTIC BOTTLES.**

**STEP 5: DELIVERY**

**WE SEND IT TO YOU IN A RECYCLED OR FSC CERTIFIED CARDBOARD BOX.**
