

BIG POTATO GAMES NIGHT AT THE MOVIES

Everybody loves a good jigsaw puzzle. Trouble is, once it's been built, the fun's over. So we thought we'd add a little extra by giving you a game to play while you build.

In Night at the Movies, we took an ordinary drive-in movie theatre and packed it with over 100 cryptic illustrations, each one referencing a different world-famous movie. Players must try to solve the hidden riddles as they build the puzzle, using the handy checklist to tick off as many mysteries as they can along the way.

DID YOU KNOW?

This puzzle contains 101 different hidden movies, but the original list contained more than 300! When cutting down to the final riddles, there was a debate over whether we should keep "The Naked Gun", but decided that combining firearms and nudity on a box wasn't the best idea.
