Innovative design & inspired new British textiles bring modern into traditional

Sometimes dogs are Dapper ...

A truly trendy pup about town wouldn't be seen dead in anything other than our award winning Dapper Dog range

... but sometimes dogs are not

So when they want to let their hair down it has to be our super-fashionable, almost indestructable, ever bright, colourfast Vegan dog accessories

Collar Sizes

**Circumference Range -
Width (cm)**

- 2.5cm**

We have always been proud of our Dapper Dog range of dog accessories and our dog-owning customers have also been proud to see their best friends stepping out in their super smart tweed and leather collars, leads, bow ties and bandanas - who wouldn't be?

But many of them have come to us asking for a more practical range for day-to-day walkies when the lure of the sea, a muddy puddle or some lovely grass to roll around on is often too much to resist.

So here it is. Our Vegan range - made from an exciting new British material which, while being super silky, is still steel strong, virtually indestructible and machine washable with colours that never wash out, allowing for a lifetime of wear. What's not to like?
