Burgon & Ball

SHEFFIELD ENGLAND SINCE 1730

Burgon & Ball is proud to have been serving gardeners for almost 300 years.

New this season, we're excited to introduce our new Collector range. It's bursting with beautiful colour, fantastic products and great ideas to keep your displays fresh and engaging. We've created this range to assist in converting shopper interest into purchase.

We also feature the beautiful new Sahara range. This collection is designed to appeal to the indoor pots consumer, but it's also for those looking to extend the look into other parts of their home. Completing the line-up, we have an overview of our extensive Watering range, as well as additions to our Sophie Conran brand and extensions in our premium gloves range.

We hope you enjoy browsing this update, and we look forward to working with you!

The Sahara Collection

- Inspired by the Earthy Classics trend, this concept has been created to appeal to a sophisticated eclectic taste. The palette injects a warm metallic shine to décor, elevating the range and adding an element of luxury for a unique and stylish feel
- The broad Sahara range is designed to appeal to the indoor pots consumer but also for those looking to extend the look into other parts of their home
- The ability to match hanging pots, statement pieces and standing plant pots empowers consumers to create an attractive co-ordinated look
- Sahara Sunset delivers premium quality to exacting Burgon & Ball standards
- The range is scratch resistant and as it is made from metal, breakage issues are minimised
- Specific pieces have been designed for multi-use and multiple sizes are available within the range
