INTRODUCING

the custom illustrations of

JULIA GASH

Julia Gash

ABOUT THE ARTIST

Julia Gash is a British artist and Map Maker Extraordinaire who is passionate about print.

From her studio in Devon, Julia creates hand drawn illustrations using brush and ink and collaborates with clients worldwide to create sustainable souvenirs and stylish gift ranges sold in flagship museums, major tourist attractions, blue chip department stores and destination boutiques around the globe.

Julia's map like illustrations capture the character and cultural heritage of a specific location.

Julia's designs connect people with place, whether they are culture vultures on tour or locals who want to celebrate their city in style. The whimsical illustrations communicate a child-like vision and offer a playful and honest interpretation of the world in which we live. A cyclist wearing a hat can be found in all of Julia's "Cityscapes" and this little figure symbolizes Julia: travelling around the world through her art.

Julia's understanding and experience of print spans several decades and as such her artwork replicates beautifully on a wide range of giftware, stationery, souvenirs and home accessories.

Julia's distinctive handwriting is expressed as spirited and creative line drawings infused with a vibrant color palette. Over the past five years Julia has created a unique and everlasting archive of illustrations featuring cities, towns and regions from all around the world.

More recently, Julia has widened her portfolio to include North American college campuses in an exclusive agreement with Neil Enterprises Varsity Line.

2019 JULIA GASH PROGRAM DETAILS

- Julia's custom illustrations require approximately 4 weeks to complete (not including production). Contact Neil Enterprises for the custom art request form.
- Minimum order for Julia Gash program is \$5000 OR 12 items from the curated assortment.
- Client must request licensing approval before art is created.
