ABOUT ZOË AND THE VILLAGE GREEN

Having spent 25 years designing and developing home and gift product ranges for large UK high street retailers and licensing style guides for popular shows such as The Great British Bake Off, Downton Abbey and Call The Midwife, last years lockdown gave me a chance to take a break and tramp the footpaths of my local area, the beautiful Chiltern Hills.

Inspired by the immense views and the stunning colours that emerged over the spring and summer, I created a set of illustrations that given my background, quickly morphed into a small gift range, designed to appeal to local residents as well as prospective visitors to the area. I quickly realised that there was much more interest in the products than just the Home Counties and I have taken stands at RHS Hampton Court and Country Living Christmas Fair 2021 with a great response. Louise Pearce (Editor of Country Living) also awarded me Editors Choice at the show.

Passionate about keeping things 'local' I have worked with a traditional pottery in Stoke-On-Trent, Duchess China, to manufacture the bone china mugs, alongside an established textile supplier in Lincolnshire to produce the tea towels, oven glove and apron. After years of manufacturing in the Far East it has been a pleasure to create a range made 100% here in England. All our stationery has been printed in the Chilterns which is the cherry on the cake. Truly local and green, as our name suggests.

Since launching in December last year I have established a committed group of retailers many of whom are on their 4th or 5th order and are looking to find more outlets as businesses and cultural sites across the UK. The range is also available on Not On The High Street.

IN THE PRESS - featured in the Express on Sunday S Magazine by Victoria Gray who listed it as one of the best tea towels to buy and in Saga Magazine 'Shop till you drop', Best Magazine as well as Country Living Christmas edition.

MUGS & COASTERS

AS SEEN IN PRESS

Large Fine Bone China Mugs RRP £17.00 each
Set of 4 Bone China Mugs £65.00

About our mug production

- Our beautiful fine bone china mugs are made using traditional techniques and decorated in a traditional factory in Stoke On Trent.
- The artwork for each mug is individually screen printed to create a 'decal', which is then skilfully hand applied to the mug and fired in a large kiln that bonds the design to the mug.
