

# BAMBOO SOCKS

With the continued demand to drive toward sustainable products, we are delighted to launch our new *Eco Chic Bamboo Socks*.

12 wonderful designs in 2 colours each, makes this a great value range you cannot miss.

Our super-soft, environmentally-friendly *Bamboo Socks* are breathable and lightweight, making them ideal for leisure and sport activities. They absorb four times more moisture than cotton socks and the natural anti-bacterial and anti-fungi properties reduces foot odour, keeping your feet dryer and fresher for longer. They are thermo-regulating too, meaning they keep you cool in summer and warm in winter. Made from natural hypoallergenic fibres and the finest quality materials, they are kinder to sensitive skin, yet durable enough to endure the wear and tear of everyday use.

**FREE DISPLAY UNIT\***

\* Display unit provided free when you order our fantastic value package deal.

**£2.91/€3.33**  
**RRP £6.99/€7.99**
