ISLA

The name Isla came from my daughter. At just 6 years old I thought about everything I wanted her to be, to feel, with a world in front of her and so many opportunities. A freedom with no limits, a belief in her dreams without feeling silly. To be passionate about things and when life gets tough not to give up. That without darkness there wouldn't be stars... without rain we wouldn't have rainbows... And above all else to be confident in herself, an understanding of the true meaning of beauty, to be kind always...

I'm pretty sure I'm one in an ocean of Mamas that feel exactly the same and so it gave me the inspiration for the ISLA Brand. I hope you enjoy it as much as I have creating it.
