Vibrant Locale

Negative Lines

An alternative to traditional linework that can feature any of the colour palettes on the previous pages.

About Rocket68

Rocket68 produces vivid location illustrations with a zesty colour palette. The architecture/landmark is created with linework against a strong backdrop of complimentary colours. Artwork can depict one 'scene' or smaller elements of a location. Rocket68's illustrator Jill White creates her drawings by hand then uses digital media to enhance them.

The Cable Cars of Greenwich

The Palm house at New

Vibrant Locale Products

How it works

- Decide whether you want a feature, a single location or a montage of features from your town, city or attraction.
- Send us guide pictures, for montage style this can be up to six.
- Choose your preferred colour palette or let us suggest one for you.
- We create vibrant artwork for your approval and visuals of the products you would like to order.
- Cost: Artwork is free when you order a minimum of £1200 of products.
- When artwork is approved, normal production leadtimes apply.
