# KING CHARLES III CORONATION

The King Charles III Coronation Collection bears the Tudor Rose, Thistle, Shamrock and Leek also featured in the Queen's Platinum Jubilee collection, and pays tribute to his mother, the late Queen Elizabeth II.

Ivy, the symbol of eternity, faith and loyalty, trails throughout this delicate design to represent commitment, and inspires the traditional English tones of antique green.

The intricately hand-drawn design from Victoria Eggs includes subtle nods to the King's life; the eagle, swords, and anchor from the British Armed Forces logo, a tiny parachute, and a member of the King's Guard, pens and paintbrushes, bees, a dragonfly and butterfly – all representing his love and support for the Arts, young people, the countryside and his life-long environmental activism.

The Oak leaf, which frames this design is a symbol of strength, stability and endurance. Whenever the King plants a ceremonial tree, he gives a branch a friendly shake to wish them well.

# MADE IN THE UK

---

All of our products are proudly made in the UK.

The fine bone china ceramics have been hand-crafted using Cornish clay in Stoke-on-Trent, Staffordshire, the heart of the 'Potteries'.

Using traditional craftsmanship, up to 20 pairs of hands can be involved in making each product. This includes attaching each mug handle skilfully by hand.

All of the textiles are handmade using environmentally friendly water-based inks, ethical supply chains and recyclable materials in Lincolnshire. This includes individually hand sewing woven labels into the seam and hand folding and packing the tea towels into belly bands.
