

Hannah Spinks & Oliver Goundry

Story-telling enthusiasts and Founders of the Home County Candle Co.

Having grown up in Buckinghamshire and Bedfordshire, Hannah & Oliver met and settled in Hertfordshire in 2017, where a conversation about the beauty of the places they'd called home lit the flame on their unique candle concept.

The Home County Candle Co. set out in 2018 to tell the distinctive stories of each of the counties of the UK, through heartfelt, thought provoking fragrances and high quality, British products. Each of the 25 scents in their county collection is named after, and truly reminiscent of, one of the UK's most beautiful places.

Inspired by the outstanding natural beauty surrounding their home and workshop, Hannah & Oliver build their brand on the pillars of sustainability and Great British produce, always striving to have as little impact on the environment as possible. Therefore everything from the natural soy wax to the plastic-free packaging is selected for its sustainability credentials and is sourced from within the UK.

Already recognised by Theo Paphitis as winners of his Small Business Sunday initiative, and nominated as Hertfordshire's Best Small Business in 2019, Hannah & Oli continue to expand their range, aiming to bring the 'scent of home' to all corners of the UK and beyond.
